Please read the following Declaration of Agreement carefully before signing. This Form must be returned to the Music Coordinator before an instrument will be issued.

I understand that all instruments and equipment remain the property of Temple Christian College therefore all instruments needing repair must be returned to the Music Coordinator for the appropriate arrangements to be made.

I understand that if said damage was due to the negligence of my child I will be responsible for the payment of repairs.

I understand that it is strongly recommended an Insurance Policy be obtained to cover hired instruments against theft and damage. *In most cases this can be done through specifying the instrument on the household "contents" insurance and does not usually increase the premium payable.* It is advisable to purchase a bike lock or similar to chain the instrument whilst in the Music Centre.
