

Temple Christian College

Health, Welfare & Safety Policy

Health & Safety

The School takes very seriously its 'Duty of Care' to students.

Footwear must be consistent with School Uniform Policy. Students may be kept in the Focus Room and classroom work will be brought to them if incorrect footwear is worn to school.

The wearing of hats is compulsory whenever students are outdoors in Term 1 and 4.

There is no early dismissal on very hot days. Classrooms are temperature controlled and measures are taken to ensure students are able to remain in air conditioned areas during hot weather.

Students should bring their own personal roll on sunscreen for general use each day. The School makes sunscreen available to students during outdoor PE lessons only

Students must observe all directions given by staff pertaining to safety and when Maintenance Staff or Contractors are working within the school grounds.

Directions may include signage or physical barriers which indicate an area is out of bounds.

Nut Awareness

The School has chosen to become a 'Nut Aware' School. This is in order to care for students in our community who have severe peanut/nut allergies (for whom exposure to nuts can trigger a severe and potentially life-threatening reaction).

While it is impractical to eliminate nuts or nut products entirely from an environment where food is prepared and consumed, the School has undertaken to provide the safest environment possible.

All students are asked to consider carefully the food being brought to school, the disposal of wrappers and participating in good hygiene practices after eating nuts/products containing nuts.

Boundaries

The Campus boundaries consist of the mail School grounds 2-10 Henley Beach Rd, Mile End.

The Oval and Sporting Facilities situated east of the railway line off Henley Beach Road. Students may only go to the oval when under the supervision of a teacher.

Students arriving early to school and once having entered the School property are not permitted to leave the grounds for any reason. Students are not permitted to wait outside of the School grounds for friends.

At the end of the school day students are to depart the area in a timely and orderly fashion.

Senior students driving to school are advised that private vehicles, once parked, are out of bounds for the remainder of the school day. Students must bring all items required for the day from their vehicle.

Senior students driving to school are advised to ensure they are parked in areas that accommodate the period of time they will be at school. Permission will not be granted to leave the school grounds to move vehicles parked in restricted parking zones.
